

# Fundraising Tips and Tricks

## **Create your JustGiving fundraising page**

Setting it up is easy and it makes things fuss free. Donations are secure and your money comes straight to us. Make sure to personalise it as much as possible!

## **Shout all about it**

Share your JustGiving page on social media and with friends and family – the more noise you make, the more people will hear about your challenge. Not everyone will donate the first time they're asked, so don't be afraid to keep sharing your story and putting yourself out there.

## **Ask your employer for support**

Many companies will offer to match what you raise and donate it to the charity, so it's always worth asking since you could turn your £250 into £500!

## **Get selling**

Declutter and sell the stuff you never use at a boot sale or on eBay or Vinted. You'd be amazed how much you can raise from your long-forgotten belongings.

## **Host an event or activity**

Consider organising a pub quiz, bake sale, bucket collection, a sweepstake or more! Just check permissions and get in touch if you'd like any resources to support your activity.

## **Ask people to donate for your skills and time**

For example, ask someone to donate £15 for you to mow their grass, wash their car or do their ironing.
