

Make a cat DANGLY TOY

Things you will need

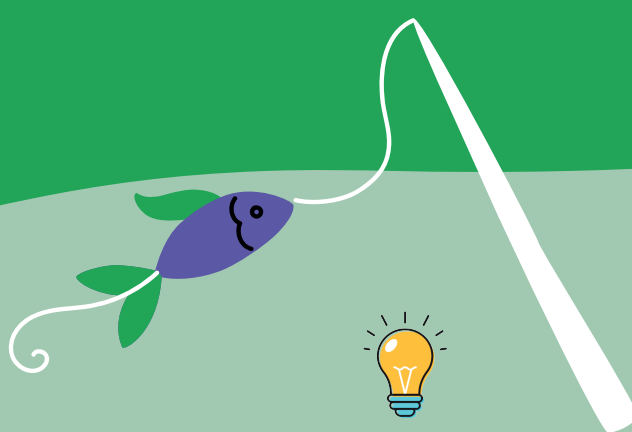

Two socks

Shoelace

Watch the 'how to' film and see whether the mystery cat will catch the toy...

Cats are natural predators who love to chase, hunt and pounce!

1. Lay one sock on top of the other
2. Fold both socks in half
3. Fold the top of one sock back over both, creating a ball
4. Tie a shoelace around the sock ball, leaving the ends dangling

Daily playtime keeps your cat fit and healthy, as well as being a fun way to spend time with your furry friend!
