

# Make a cat PUZZLE FEEDER

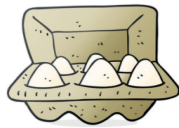

## Things you will need to make a cat puzzle feeder

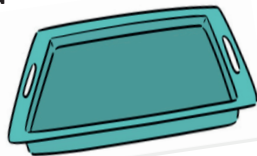

Scissors

Wet food

Empty  
egg box

Tray

Biscuits

Marmite  
(only a tiny  
ammout)

Cats are natural predators  
who can smell 14 times  
better than we can!

1. Cut the lid off the egg box and cut the base into three pieces
2. Choose three of your cat's favourite foods and place a small amount of each in a pile onto your tray
3. Cover each food pile with a piece of your upturned egg box so that the treats are hidden beneath

Watch the film  
to see our animals enjoying  
their treats!
