

# Make a rabbit HEALTHY TREAT

## Things you will need to make a rabbit healthy treat

One quarter  
of banana

Handful of  
pellets

Few herb stalks  
(mint/basil/  
parsley)

Tray

Treats should only be given occasionally as banana is high in sugar!

1. Soak handful of pellets in water to make them soft.
2. Mash one quarter of banana and mix with soaked pellets and chopped herbs.
3. Spread thinly on a baking tray and bake until crispy (approx 1 hr) at 100°C.
4. Cut into small pieces and store in the fridge. Use within 2 weeks.

Make feeding time even more exciting for your rabbits. They have amazing noses and will enjoy sniffing out a hidden treat!

Watch our pets enjoying their treats!
