

Make a rabbit TREAT ROLL

Things you will need to make a treat roll for your rabbit

Toilet rolls

Scissors

Dark green
leafy greens
and herbs

Hay

Rabbits have amazing noses and will enjoy sniffing out a well hidden treat!

1. Flatten the toilet roll and cut out small triangles along the folds.
2. Stuff both ends of the toilet roll with hay and hide your rabbit's favourite treat in the middle.

Make one for your guinea pigs by adding a small piece of pepper or tomato - both full of vitamin C.
